

A NOTE FROM THE COMMUNITY HEALTH NURSE

WELCOME TO THE NEW SCHOOL YEAR

My name is Andrea Zulch and I am the Community Health Nurse who visits your school.

Community Health Nurses work in schools to promote healthy development and well being so students may reach their full potential.

A major part of my work is focused on early intervention and the School Entry Health Assessment program.

Community Health Nurses serve as a health contact point for children and their families, providing information, assessment, health counselling and referral.

The services provided are free and confidential.

If you have a concern about your child's health or development, please contact me on 0409 067 441

Colour blindness means that a person cannot distinguish some colours or see the colours differently to other people.

Very few people who are colour blind are 'blind' to all colours. Commonly, the colours seen differently are greens, yellows, oranges and reds.

An information leaflet on colour blindness will be distributed to all Pre-primary students in term one. Please take the time to read the pamphlet.

For more information and see the Colour Blind Awareness and Support Group on <http://www.members.optusnet.com.au/~doverton/>

**IF YOU HAVE ANY CONCERNS, COLOUR VISION TESTING
CAN BE PERFORMED BY SOME
GENERAL PRACTITIONERS, EYE SPECIALISTS OR
OPTOMETRISTS. YOU CAN ALSO CONTACT
YOUR LOCAL COMMUNITY HEALTH NURSE,
ANDREA ON 0409 067 441**
